Foreword

Varendra Research Museum and its parent body, the Varendra Research Society, was established in 1910. It is not only the premier museum of the country but also its collection is very impressive in number as well as in richness. It possesses more than 15 thousand of different archaeological and historical antiquities including not less than 5000 nos. of Sanskrit and Bengali manuscripts. Of them, more than 3400 Sanskrit and 1600 Bangla are made of hand made paper and palm leaves, and deal with the various subjects including *Vedanta*, *Darsana* (Philosophy), *Purana* (Hindu Mythology), *Smirti* (Hindu law book), *Vyakarana* (Grammar), *Tantra*, *Abhidhana* (Dictionary), *Kavya* (poetry), *Nataka* (Drama), *Alankara* (Art of rhetoric), *Vaisnava*, *Ayurveda* (Medicine), *Jyotisa* (Astrology), *Itihasa* (History), *Bauddha* etc. They offer interesting studies in Sanskrit palaeography and calligraphy. Among these *Astasahasrikaprajnaparamita*, *Karandavyuha* etc. (Illustrated Manuscripts of 12th to 13th century A.D. written on palm leaves) are very remarkable.

From the inception of the Varendra Research Museum, it has also been playing majestic responsibilities to reconstruct the history of ancient and mediaeval Bengal. Among different activities, a numerous and mentionable acts of publishing research works have been put forth. These are included more than 60 publications so far, namely *Gaudalekhamala*, *Gaudarajamala*, *Ramacartiam*, *Inscriptions of Bengal*, Volume III and IV; *Sculpture in the Varendra Research Museum : A Descriptive Catalogue*; *A Descriptive Catalogue of Sanskrit manuscripts in the Varendra Research Museum Volume I and II* etc. A number of scholars from home and abroad have been getting information relating to history, art and archaeology, literature etc. of ancient and mediaeval Bengal.

The first volume of the catalogue with 852 Sanskrit manuscripts was published from the Varendra Research Museum in 1979, edited by late Sri Sachindranath Siddhanta. In addition to these, 2594 Sanskrit manuscripts have been edited by Professor Kanailal Ray of Language Department and Professor Chittaranjan Misra of History Department of Rajshahi University, nearly two decades ago. It is a great pity that the edited entire catalogue items has not been published in due time. However, the second volume of catalogue including 700 manuscripts has been published in 2007.

We are very much indebted to the Honourable Vice Chancellor Professor M. Abdus Sobhan for his gracious initiatives and generous financial assistance for publication of Volume III.

I also like to offer my cordial thanks to Shafi Uddin Ahmed, Deputy Registrar of Publication office for his cooperation and effective helps. Md. Manirul Haque, Deputy Director and Md. Abdul Kuddus, Senior Conservation Officer of the Varendra Research Museum have rendered their valuable services to make the press copy ready and also proof reading of this catalogue. Professor Dr. Siddhartha Talukder of Fine Arts Department of Rajshahi University has made the cover with much skill. I must take opportunity to thank all of them.

I hope and believe that the inquisitive readers and researchers will find useful materials and expected information about our past heritage.

Preface

The establishment of the Varendra Research Society and Museum in 1910 was an important step towards the collection and preservation of a large number of various old manuscripts along with other artifacts. With a view to preserving the history and culture of the ancient 'janapada' of Varendra, Kumar Sarat Kumar Ray, Akshay Kumar Maitreya and Ramaprasad Chanda took the initiative to establish the earliest museum of the country. Now it is one of the greatest and very rich museums of Bangladesh.

Most of the manuscripts are written either in Sanskrit or Bengali language. However, Bengali script is used in composing most of the Sanskrit manuscripts. Only a few of them are written in Devanagari script. It appears that the materials used for the manuscripts preserved in this repository are of various kinds. Usually they are : palm leaf, hand made indigenous paper and birch-bark.

The manuscripts are mostly based on the *Vedanta*, *Upanishad*, *Tantra*, *Purana*, *Abhidhana* (Lexicons), Grammar, *Vaishnava* works, *Kavya*, *Nataka* (Drama), *Ayurveda*, *Jyotisa*, History, Philosophy (*Navyanyaya*), *Alamkara*, and Law (*Smriti*), etc. Of course these contain a unique source of our ancient history, language and literature, religion, culture and knowledge in medicine. Also they unveil the glorious heritage and tradition of the people of this land.

The history of the collection of manuscripts in the Varendra Research Museum is remarkable. Actually the initiative of the noble task was taken by Kumar Sarat Kumar Ray. His paid agents were entrusted with the responsibility of collecting these precious objects from many parts of the country. The Kumar sent, at his own expense, Professor Shrish Chandra Chakravarty to Benaras and Mathura with a view to searching the manuscripts of Jinendra Buddha's *Nyasa*. From the district of Jessore, the famous manuscript named Rajavali of Vijayagovinda Simha (dated 1866, V.S. / 1809 A.D.) was discovered. This notable manuscript contains the traditional date of bringing of the five Brahmanas to Bengal by Adisura. Indeed many of the manuscripts were collected by the Varendra Research Society either through purchase or from gift. The credit of the bulk of the collection should go to Kumar Sarat Kumar Ray who enriched the library of the Society with the manuscripts through presentation. But the most significant contribution of the Kumar is that he purchased and presented the illustrated palm-leaf manuscript of the *Astasahasrika Prajnaparamita* (dated in the 19th regnal year of the king Harivarman (11th -12th century A.D.) and many other Nepalese manuscripts to the Society.

Some of the important and rare manuscripts in the collection of the Varendra Research Society are : the *Karandavyuha* (11th century A.D.), *Tararahasyavrttika* (1604 A.D.), by Gaudiya Sankara, *Taratanttram* (18th century A.D.), *Bhasavrtti* (19th century A.D.), *Alamkara-kaustubha* (19th century A.D.), *Haysirsa Pancaratram* (1726 A.D.), *Dhatupradipah* (16th century), the *Kasikavivarana-panjika* (*Nyasa*), a commentary on Paninian grammar.

However, the preservation of the manuscripts in the Varendra Research Museum has never been quite satisfactory for a long period of time. It appeared that the manuscripts were not sorted properly and arranged either subject-wise or alphabetically. There had been a register containing a list of the manuscripts which was prepared on the basis of the date of their receipt. Due to the crisis of the space in

the museum, the manuscripts were merely kept in bundle and left uncared for here and there for years together.

Since its inception, the authority of the Varendra Research Museum was anxious to publish a descriptive catalogue of the manuscripts preserved here. But as a private body the society could not materialise many of its ambitious but laudable projects due to financial constraints. However, its efforts to publish a few of the manuscripts edited and annotated by scholars like Girish Chandra Vedantatirtha, Shrish Chandra Chakravarty, Dinesh Chandra Bhattacharyya, Sivaprasad Bhattacharyya and Manindra Mohan Chowdhury succeeded during 1914-1961.

With the taking over of the ownership and administrative responsibility of the Varendra Research Museum by the University of Rajshahi in 1964, a new era in the history of the museum ushered. Meanwhile, with the lapse of time, a good number of manuscripts, left both unidentified and uncared for a long time, became fragile, indistinct and illegible. Realising the importance of the preservation of the unidentified manuscripts with a proper catalogue, Late Dr. Mukhlisur Rahman, Ex. Director of the Museum, kept S. N. Siddhanta (Ex-Assistant Curator) of the Varendra Research Museum (now expired) engaged almost exclusively in the preparation of it. The latter made an attempt and prepared a descriptive catalogue of eight hundred and fifty two manuscripts for the first time in 1979. It was published by the Varendra Research Museum, University of Rajshahi with the title : *A Descriptive Catalogue of Sanskrit Manuscripts in the Varendra Research Museum Library* (Volume 1), in the same year. However still hundreds of manuscripts remained untouched for identification. Fortunately, the authority of the Varendra Research Museum again took initiative for the publication of the second volume of the catalogue. Late Professor Kasimuddin Molla (Department of History, University of Rajshahi), Administrator, of the Varendra Research Museum during 1986-1988, took interest in this matter and proposed Professor M. A. Raquib, Vice Chancellor of the University during 1982-1988 to do the needful. Professor Raquib was kind enough to consider the proposal and took necessary steps to get it done. We were commissioned for this purpose in 1986. The over all supervision of this work was left to Dr. Shahanara Husain, Ex. Professor, Department of History, University of Rajshahi. She was indeed ever anxious to bring out a descriptive catalogue of manuscripts preserved in the museum. After working hard for a period of more than two years we succeeded in preparing a catalogue of twenty five hundred and ninety four Sanskrit manuscripts worthy of deciphering. As many of the manuscripts were fragile and illegible, we had to put our utmost attention and patience in deciphering them. In this descriptive catalogue, we have included particularly the title, author, subject, period, language, scribe, size, material and where possible the colophon of the manuscripts. The authority of the Varendra Research Museum, however, took necessary steps for the publication of this voluminous work after we submitted it. But unfortunately the process towards its publication was delayed due to some unavoidable circumstances. The second volume of the catalogue including seven hundred manuscripts was published in January 2007 with the title : *A Descriptive Catalogue of Sanskrit Manuscripts in the Varendra Research Museum* (Volume 2). However, out of twenty five hundred and ninety four manuscripts so far catalogued by us, only seven hundred were included in the publication of the second volume. The remaining descriptive list of the manuscripts awaited publication for a long time. We are now extremely happy that our toilsome work is finally going to be published. Though late, the third volume of the catalogue is ultimately coming to light. This publication, we hope, will be useful to the scholars and researchers working on the glorious heritage and tradition of our motherland. We do not claim any special erudition for this work. We have no hesitation in admitting the fact that

the work is not without any shortcomings. What we would like to emphasize here is that we were no less sincere in our painstaking efforts.

We would like to express our deepest gratitude and thanks to Professor M. Abdus Sobhan, Professor Muhammad Nurullah and Professor M. Abdur Rahman, the Vice Chancellor, Pro- Vice Chancellor and the Treasurer of the University of Rajshahi respectively for taking keen interest in the process of the publication of the third volume of the catalogue with generous financial assistance. We remember with honour the respected members of the Advisory Committee of the Varendra Research Museum who honestly felt the necessity of the preservation of the manuscripts in the museum and provided valuable suggestions and direction for the complete publication of the catalogue of the manuscripts. We extend our warmest thanks to them. We acknowledge our indebtedness for the support and encouragement we have received in our work from Professor Mahmud Shafi, Ex-Dean, Faculty of Arts and Ex-Registrar, University of Rajshahi.

While preparing the descriptive catalogue, we received necessary guidance from Dr. Shahanara Husain. With her erudition and vast experience, she always extended her cooperation to complete our task. We would like to express our gratitude and sincere thanks to Dr. Husain for her interest in our works. During the preparation of this gigantic work, we also received constant encouragement from Late Professor Kasimuddin Molla. We should put on record here our obligation to him who gave us all cooperation and helped till his sad demise. We are very much grateful to Professor M.A. Raquib, Professor Amanullah Ahmed, Professor Abdul Khaleque and Professor Sayeedur Rahman Khan, Vice Chancellors, University of Rajshahi, who took very much interest in our work. We acknowledge with a deep sense of obligation our indebtedness to all of them. Indeed all of them, with their pious intention, realised the necessity of preserving the valuable manuscripts with a descriptive catalogue.

In the preparation of this work, we received ungrudging assistance and collaboration from Professor Dr. Saifuddin Chowdhury, Ex-Director of the Varendra Research Museum. Messers Muhammad Zakaria (now acting Director), Md. Manirul Haque, Deputy Director of the Museum, Muhammad Abdus Samad Mandal, Deputy Director and Md. Abdul Kuddus, Senior Conservation Officer, extended their warm support and tireless cooperation throughout the preparation of our work. We extend our cordial thanks to each of them. We are extremely grateful to last-named who worked very hard with us till the end of our job. The service provided by M. Mukhtar Hossain, Book Binder of the Museum in bringing a successful completion of the work is really enormous. Without his sincere help and unfailing assistance it would have been difficult for us to complete this work smoothly. We thank him very warmly.

Finally it remains for us to record our thanks to the publisher for undertaking the publication of this work.
